

EFFECTIVE PRESENTATION SKILLS

A two-day highly interactive workshop designed for those who want to refine their presentation and public speaking delivery skills.

This intermediate level workshop focuses on vocal skills, physical awareness and confidence building techniques to develop the presentation style of the participants. Using a range of proven drama techniques and practical exercises, participants will learn to deliver a more persuasive message. Key skills and techniques are developed in an informal, risk free environment. Personal feedback is an essential element of the training and each participant will receive plenty of individual coaching. (Participants will need to prepare two short presentations each of which will be delivered several times during the workshop.)
